FAMILY SUPPORT CENTER - CCC

SIMPLIFIED MODIFICATION: RE-SERVE AND RE-TRACK

The Court has received Respondent's Request for Modification of Child Support pursuant to the Guidelines for Simplified Procedure.

Upon review of these documents, the Court notes there are problems with the request, specifically:

- Request needs to be re-served and re-tracked
- Options: Service is not proper, needs to be upon a person of suitable age and discretion and who resides where served as their usual place of abode, and the Court declines to grant or deny the Request at this time.

THEREFORE, IT IS ORDERED directing the Respondent to effectuate new service upon the Petitioner. This matter is further referred to the Family Support Center for the monitoring of the new service, the appropriate time periods and any request for hearing.
